

2014

Dear Parent/Guardian,

At the request of the school, your teenage student is about to see a presentation from Teenagers Road Accident Group - TRAG on Road Trauma and the consequences of driving as they embark on their driving career.

This presentation involves a combination of speakers from police and emergency personnel to victims of Road Trauma and Parents that have lost teenage children to road trauma.

This presentation is graphic, disturbing, confronting and emotional.

We make no apologies for this.

Teenagers Road Accident Group – TRAG is a volunteer organisation who has been operating since 1999 and has been accepted by every Secondary school on the Mornington Peninsula, now having spoken to more than 100,000 students in person in this time.

TRAG does not charge you or the school for this presentation.

Presenters do not get paid and we do these presentations in our own time.

This presentation will take place in school time and has duration of 1 hour 30 minutes.

Your school will have support for your student available and if the student is too upset, they may leave the presentation to seek out this support.

If you feel that your child should not attend this presentation, please discuss this with the school directly prior to the presentation date, so that alternative arrangements may be made.

Should you require further information regarding this presentation please contact the senior coordinator of your child's school.
